

To promote a clean and safe environment free of unwanted waste and litter. To promote the beautification of our parks, farms and surrounding areas. Today's clean environment is tomorrow's future!

The Weisenberg EAC (Environmental Advisory Council) is hosting a volunteer litter clean up event on 4-22-22 from 4:30pm to 6:30pm in support of Earth Day! The EAC will provide all gloves, bags and other supplies for the event. We are meeting at 2912 Musket Rd. Kutztown PA 19530 for the event and will designate clean up areas as people arrive.

We are excited to announce that we partnered with several businesses in the area who will be joining the event (Palram, Waste Management, Geodis, Sheetz, Bandit Truck Stop). Thank you to Weis for donating supplies and drinks for the event. This event is registered with <https://www.facebook.com/KeepAmericaBeautiful>. This group tracks events like this across the state and shares the great work we are all doing to keep our land clean and beautiful.

Come join us and make a difference!

Email us with questions or interest in joining the EAC and participating in other events- [EAC@weisenbergtownship.org](mailto:EAC@weisenbergtownship.org)

Thank you

Martin Rakaczewski

Weisenberg EAC Chairman
